Are you looking for unique senior portraits that fit your personality? We love working with seniors to create images that reflect their individual style. Senior portrait sessions take place in grungy alleys, around old buildings, and in beautiful outdoor locations! We specialize in environmental portrait photography.

ALL INCLUSIVE PRICING - \$295

Senior portrait sessions last up to two hours and include an unlimited number of clothing changes and your choice of accessories!

You also receive (48) wallet size prints, (2) 8x10 prints, a nine image leather folio filled with your favorite shots from the session, and a secure web gallery to view and share your images! Additionally we include a disc containing email friendly images taken from the session so that you can send them to friends and family or share them on your MySpace or Facebook page (a disc of the high resolution images can be purchased separately).

UNCOMPROMISING IMAGE QUALITY

Every image is carefully and creatively hand processed. We take great care to make sure your yearbook photo looks nothing short of amazing. Although we capture everything in vibrant color, we love processing duplicate versions of our favorite shots. This may include black and white, cyanotype, duotone, sepia and more! We can even give some of your images an analog, cinematic treatment reminiscent of old Hollywood movies. The best part is that you don't have to give up the vibrant, color versions if you want to try something different. When we are finished, you will have 200-400 images to choose from.
